Getting Started with Hoopla

Install the Hoopla App

1. Go to the App Store and search for “Hoopla”.
2. Install the app, called **Hoopla Digital**.
3. Click on **open** from the App Store or tap on the icon on your homescreen.

Signing Up

1. If you're new to Hoopla and never registered for an account, tap the **Sign Up** link at the bottom of this box.
2. Enter your email address and make up a simple password to use with Hoopla.
3. You will now link to our digital collection. Tap on the “Search” to look up South Brunswick library. Choose our library and then tap **Agree**.
4. Enter your library card number, no spaces! Tap **Next**.

Search For, Check Out and Download

1. If you are looking for a certain title, artist or series, you can tap on the **magnifying glass** to go to the search page. Tap on the **search bar** and type in the name you are looking for. Tap **search** on your keyboard.
2. You will see the cover art, the type of material it is, the title and author. Tap on the cover of the item that you're interested in.
3. Tap on the blue **Borrow** button. Tap **Borrow** again. It will now begin to download the item to your device.
4. Under **My Hoopla**, you can see what you have out by tapping **Borrowed**, located towards the top of the page. You can swipe left and right on this page to see your **Borrowed** and **Favorites** section. Or you can look under **Recently Borrowed** and your checkouts should show up under there. Tap on the item you want to view. Tap **Read** or **Play**, depending on the type of media you're checking out. If you've already opened this item, the blue button will say **Resume**. Tap on **Resume** to open the item.

Things to remember:

- Each card is allowed five checkouts per calendar month.
- Items can be streamed or downloaded for use offline.
- No need to return items – they disappear and there are no late fees.
- We have daily limits for borrowing – you may get blocked if too many people have borrowed for the day. If that happens you can try again in the morning when limits reset.
Thank you for understanding!
